REIMA EARLY AUTUMN 2027 FOOTWEAR COLLECTION

Weatherproofing kids
since 1944

SET

THEM

FREE.

Image from SS27 collection

Set them free.

**At Reima, we believe play is practise for life.
Wipeouts are wins. Kids have the right to explore,
be in nature, and simply be kids. Crying is a sign of life.
So are dirty hands, scraped knees, and the bumps,
even bruises. Because the future doesn't need
perfect kids. It needs brave ones.**

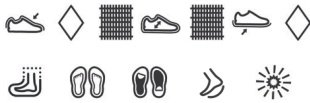

Today, childhood is scheduled, tracked, and controlled. We meant well but as screens have replaced streets and forests, supervision has replaced freedom. But kids are less fragile and more capable than you think. So here's our invitation: Let's set them free. Set them free to climb, fall, get back up, and be loud, wild, curious, bored.

Join us in empowering parents to raise empowered kids
- in every season, terrain, and temperature.

MEASURING THE FOOT

Have your child stand on a paper, heel against the wall. Mark the foot length on paper and measure the distance on the end of the sheet.

FOOTWEAR

EUR SIZE	US size	UK size	CN size	JP size	Recommended foot length (mm)

KEEPING HEALTHY KIDS' FEET HEALTHY

To help a child's motor skills develop normally, it's important to choose the right size and shape of shoe. Parents must also follow the growth of the feet to make sure the shoes fit properly.

Happy Fit makes measuring easy

You can check the shoe size by taking out the insole, so that the child can stand on it. In total, the length of the foot + 1.5 cm for growth and operating reserve is necessary. Most Reima shoes have the "Happy Fit" print in the removable insoles to help you find the correct size.

Smaller allowance for barefoot shoes

For barefoot shoes, a smaller reserve is recommended. The extra space for growth and movement in barefoot/ minimalist shoes should ideally be around 1.0 - 1.2 cm.

Go for technical socks

A 100% cotton sock will feel cold when it gets sweaty. Socks with synthetics that wick moisture away from the skin are a better choice for waterproof shoes. In cold times, socks with wool will be warm even when moist.

Notes

[illegible]

This image shows a full page of blank, lined paper. It features approximately 28 horizontal blue or grey lines spaced evenly apart, typical of notebook paper. The lines extend across the entire width of the page, leaving small margins at the top and bottom. There are no vertical lines, text, or other markings on the page.
